## Preparation of the Drink

Optionally, ingredients can be used to help its flavor and effect, some recommended combinations are:

1. Cardamom and Star Anise
2. Ginger and Cinnamon (not to be used if taken by children)

All of the above are natural products that have healthy properties.

There are also some products that will help the flavor and texture of the drink such as coconut milk, almond milk but not animal origin milk because blocks the absorption of the cacao in the cells
